

OKLAHOMA NSF EPSCOR WOMEN IN SCIENCE CONFERENCE

TUESDAY, OCTOBER 11, 2016 * MABEE CENTER * TULSA, OK

Students in grades 6-12, science/math teachers and counsellors are invited to attend this exciting FREE conference that's designed to show students that careers in science, technology, engineering and math (STEM) are attainable & rewarding! Attendees will engage in hands-on science activities; learn first-hand about science and technology career opportunities from Oklahoma's top female scientists and engineers; and receive college preparation information from college, university and outreach representatives.

DISCOVERY

Discover interesting career options available to women in science during the Interactive Panel Session; ask questions and get answers!

FUN

Breakout sessions will engage students in fun, interactive science & engineering challenges that promote teamwork and critical thinking!

EXPERIENCE

Experience science first-hand & speak with Oklahoma college recruiters during the Hands-on Science & Recruitment Fair session!
